

XT7- 91" TELEHAUL BP DUMP TRAILER

IT'S HAUL
OR NOTHING.

POWER AND REACH IN EVERY LIFT.

The XT7 TeleHaul Dump Trailer pairs a rugged bumper pull design with a telescopic hoist system built for maximum strength and efficiency. Its 91" wide stance, heavy-duty I-beam frame, and high-capacity build make it the ultimate choice for contractors and haulers who demand fast, dependable unloading and superior load control. With precision telescopic power, you get smoother lifts, steeper dump angles, and the confidence to tackle the toughest jobs without compromise.

ACTUAL PRODUCT MAY VARY FROM PICTURE

TELESCOPIC LIFT

Engineered for maximum lift and control, the telescopic hoist delivers a higher dump angle with smoother operation.

BREAKAWAY CABLES

Durable and dependable, they give you peace of mind knowing every haul stays protected on the road.

QUICKSLIDE™ RAMPS 6'5"

Heavy-duty pull-out ramps that deploy fast and store clean. At 6'5", they give you confident loading for equipment big or small.

DOT-APPROVED LED LIGHTS

Bright LEDs keep your trailer visible and compliant. Long-lasting and low-maintenance, they're built to perform day and night.
